Email: management@rivalofts.com
Address: Via Baccio Bandinelli 98, 50142
Website: www.rivalofts.com

Riva Lofts Florence offers *Wallpaper* award-winning studios, designed by world-renowned architect Claudio Nardi with a skillful combination of modern lines on historical walls, and the use of elegant and warm materials with contemporary details.

The property is fitted out with his impressive and eclectic collection of mid-century furniture and antiques. Best known for his luxury fashion boutiques such as Dolce & Gabbana in New York and Milan, Claudio Nardi has here combined old and contemporary elements seamlessly and poetically.

Guests are welcomed by the architect's daughter, Alice Nardi, who will introduce them to the city's local secrets with friendly insider tips.

Each of the nine unique studios (from 320 to 1,100 square feet in size) is custom designed and offers a separate entrance, minibar with free soft drinks, remote-controlled AC and heating, TV with DVD / CD player, a telephone and free Wi-Fi. Some also feature a Jacuzzi and a private terrace with views of the garden.

All guests can enjoy the living room 24 hours a day, with its cozy fireplace, library, tea and coffee facilities, DVD and CD collection, flat-screen TV, Wi-Fi access and honesty bar.

In the summer, guests can relax in the beautiful garden with its white sandstone pool and soothing hammocks – perfect after a long day's sightseeing.

Riva Lofts Florence is located just in front of the main city park, just across the River Arno, near the Uccello and Sansovino stop of the new tram connecting to Santa Maria Novella Railway Station. Vintage bicycles are provided for free.

Reception is open from 8am to 8pm, so when the sun goes down guests get a real feeling of being in a 'home away from home'.
